## Qatar – Al Bidda Park project – Red asphalt

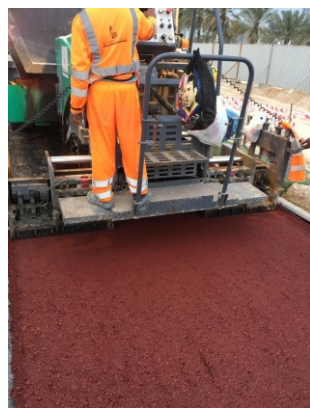

Product:	Colorfalt V Red pigment pellets
Construction period:	March – April 2017
Quantity:	255 MT
Location:	Al Bidda Park, Doha, Qatar
Scope of contract:	Supply of Colorfalt V Red pigment pellets for Coloured asphalt Professional services regarding mix design and supervision
Total contract value:	Approx. 550.000 USD

Bin Omran Trading & Contracting company in Doha, Qatar was awarded the contract for the Al Bidda Park project. Ooms PMB supplied the 255 MT Colorfalt V Red pigment pellets for red asphalt application.

In addition to the supply of pigment pellets, Ooms PMB advised the client on mix design and supervised the asphalt production and paving works on site.

Al Bidda park is an important asset for the city of Doha, since it provides a peaceful escape from the busy city and a place where friends and family can relax. The client therefore decided, from an esthetical point of view, to apply coloured asphalt on the roads and cycle paths inside the park.
